ABC Bullion End of Financial Year Valuation Report

FY25/26

About ABC Bullion

Operating continuously since 1972, ABC Bullion and its precious metal products are widely regarded as a cornerstone of the Australian physical gold trading system.

ABC Bullion offers clients 24/7 access to the precious metals market, allowing them to buy, sell and store precious metals with confidence. As well as online and phone trading, our Global Flagship is located in Sydney's Martin Place, and we have trading showrooms in Melbourne, Perth and Brisbane.

ABC Bullion also offers a range of proprietary investment solutions. This includes the ABC Bullion Gold Saver, Australia's first auto-investment solution allowing investors to build holdings in precious metals from as little as \$50 per month, and the ABC Bullion Gold Decumulation Plan (GDP), which allows investors to generate regular cashflow from their precious metal investments.

ABC Bullion is a full member of the London Bullion Market Association (LBMA), and part of the Pallion Group of Companies, the largest independent precious metal services group in Australasia.

ABC Bullion products are proudly refined by ABC Refinery, the only independently owned Australian refinery to be included on the London Bullion Market Association (LBMA)'s Good Delivery List for both gold and silver. ABC Refinery is accredited by the Shanghai Gold Exchange (SGE) and COMEX (CME), and is a member of the Singapore Bullion Market Association (SBMA).
